**Annual Budget FY 2014**

H.B. 3195 - Sections 1. Amends Section 102.005 of the Local Government Code by adding Subsection (b) and amending Subsection (c) to provide that a proposed city budget that will raise more total revenue from property taxes than the previous year must contain a cover page with an 18-point or larger type notice specifically giving notice of the tax increase, the amount and percentage of the increase and the amount of the increase that will be raised from new property added to the tax roll. The section also provides that any person may inspect the budget and that if the municipality has a website, the clerk shall post the budget on the website.

To comply with H.B. 3195 the City is providing the following information:

**This budget will raise more total property taxes than last year's budget by \$226,376 a 4.36% increase, and of that amount \$18,913 is tax revenue to be raised from new property added to the tax roll this year.**

Citizens of Orange

Re: Budget Letter Fiscal Year 2013-2014

Dear Council and Citizens of Orange,

### **Introduction**

The City of Orange City Charter Article IV Section 4.02(2) states that the City Manager shall “Prepare the budget annually and submit to the City Council and be responsible for its administration after adoption.” State law and the charter require that the City Council adopt a budget for each year that appropriates funds to defray expenses of the City. Budgeting is essential to the financial planning and control process of city government.

The City of Orange City Charter Article VI Section 6.07(d) also states “The budget shall be finally adopted not later than the twenty-seventh day of the last month of the fiscal year preceding the year for which such budget is submitted. Should the City Council take no action on or prior to such day, the budget as submitted by the City Manager shall be deemed to have been finally adopted by the City Council.” I respectfully submit this Budget Letter to you to outline the revenues and expenditures for the fiscal year beginning October 1, 2013 to September 30, 2014.

### **Revenue and Expenses**

#### **Revenue**

The City’s current 2013 certified Total Taxable Value is an estimated \$891,551,563.00. This is an increase in value of 5.85% over last year’s value. This does not include Industrial District Contract (IDC) appraisals. This budget is presented based on the tax rate of **0.690/\$100**. The *effective rate* is **0.66145/\$100** and the *roll-back rate* is **0.69462/\$100**. The City’s 2012-2013 fiscal year tax rate was **.700/\$100**. The General Fund budget is currently balanced.

The City has budgeted General Fund revenues from ad-valorem taxes of \$4,981,172.00 based on a 96% collection rate. The City has budgeted IDC payments in lieu of taxes of \$6,203,652.00. This is a decrease of \$252,845.00 over last year's collection due to the new IDC agreements and the partnership between the City and industry in lowering the ad-valorem tax rate. The City has budgeted sales tax, franchise tax, and other miscellaneous tax revenue at \$3,484,910.00. This is a 0.0008% increase over last year's collection due to the continued slow economic recovery.

The City has budgeted \$146,103.15 for use as a *Contingency Fund* as recognized in Article IV Section 6.08 (c). In prior years, the City did not recognize a Contingency Fund due to budget constraints or other budgetary requests. This year the City is recognizing this to allow Council the opportunity to fund other considerations during the budget process, overlay district downtown and 16<sup>th</sup> Street, or emergency expenditures during the fiscal year.

**Water and sewer rates.** The City has budgeted \$7,917,220.00 in revenues for the Water and Sewer Fund. This budget was prepared without an increase in water and sewer rates based on the utility CPI. In years past the City raised the rates based on the CPI. This year the reserves will pay for the deficit. This budget is in deficit \$128,774.00.

**Garbage collection rates.** The City contracts curb side garbage collection with Waste Management. This budget is prepared with an increase of 3.00% in garbage rates based on the sanitation CPI which is outlined in the contract. This rate will be \$20.24.

## **Liabilities**

The Debt Service Fund will have a debt service payment of \$1,009,738.00. The Water and Sewer Enterprise Fund will have a debt payment of \$1,835,535.00. Also, the Orange Economic Development Corporation (EDC) will have a debt service payment of \$532,956.00.

## **General Fund**

### **Library**

The Library Department is allocating \$10,000.00 to purchase new books and other materials used during the fiscal year by patrons.

### **Police**

The Police Department is purchasing four (4) vehicles including trade-ins for a cost of \$103,958.85. This purchase will be replacing 2011 models that rotate service on a three (3) year basis. The City has gone to a three year replacement rotation but will go beyond this period if the vehicle is in good shape. This may cause a capital outlay for vehicles in future years that may be larger than past years due to excessive mileage at that time.

The City has been owner and operator of the infrastructure of the radio system for the entire county. Age and technology will soon make the current system obsolete. In preparation for this, the City is working with Jefferson and Hardin Counties to form a regional radio system. This system will be able to grow as technology grows and create an economy of scale that will provide a future radio system to benefit the agencies and citizens in the region. Being a regional system will enable the applicable parties to apply for Homeland Security grants that will assist in future maintenance and operations. The City's subscription costs for this fiscal year will be \$59,091.00.

### **Fire Department**

The Fire Department is allocating \$27,500.00 to replace exterior siding with HardiePlank and exterior painting at Station 2 (Allie Payne). This is the original exterior sheeting that is 35 years old. The crews at Station 2 have been making improvements to the interior on their own which has helped save the City monies.

**Animal Control.** Animal Control is allocating \$22,500.00 to purchase one truck cab and chassis to be used as the vehicle to collect stray animals and calls for service. This is replacing a 2004 model that has served its life. The box insert will be discussed later using donated funds to purchase.

### **Code Enforcement**

The Building Official is purchasing one (1) vehicle with trade-in for a cost of \$24,000.00 to replace aging fleet. The current vehicle is a former Police Department vehicle that is at the end of its service and requires many repairs.

**Planning.** The Planning Department is allocating \$20,000.00 for demolition work throughout the City that is not permitted using CDBG funds.

### **Public Works**

The Public Works Department is allocating \$23,780.00 for a new utility truck to replace an aging vehicle in the fleet.

**Natatorium.** The Parks Department is allocating \$30,000.00 to paint the interior walls, floors, and ceilings of the common areas. The department will also replace the pool vacuum at a cost of \$4,920.00.

**Building Services.** Building Services handles the ongoing repairs and replacement of buildings and their operating systems such as air conditioning, heating, and electrical repairs. Staff is allocating \$11,870.00 to reseal the balcony of the police department building and \$19,034.00 for a new utility truck to replace an aged truck.

**Street and Drainage.** The Street and Drainage Department is allocating \$150,000.00 in street overlay work. The streets to be improved do not include CDBG

eligible streets. The following streets will be targeted using General Fund monies; Allie Payne and the entrance to the Animal Shelter on Simmons. (These estimates are based on current pricing of material and labor in the market.) The department is further allocating \$59,627.00 expense to replace one (1) aging heavy-duty utility truck in the fleet and \$73,904.00 for a tractor and attachments to replace an aging tractor.

In the past, the City owned and operated a Vactor truck. This vehicle is a heavy-duty vacuum truck that is used in drainage and sewer work throughout the city. The City needs to replace its current truck that was purchased in 2004. The cost of a new truck is \$302,086.00 less a trade in of \$40,000.00. The staff has done a cost analysis of this and it is cost effective to dispose of the current Vactor truck and use a local vendor to supply the truck and services. This will result in a savings to staffing, maintenance, and operation of the department.

**Parks.** The Parks Department is allocating \$49,178.00 to install a manufactured restroom at Northway Park. This park is the most used park in the City. The department is allocating \$30,953.00 for a tractor and attachment, \$8,499.00 for a new Dixie mower, and \$16,087.00 for a new utility truck. The department is further allocating \$14,465.00 to reseal the concrete parking lot at the boat ramp area.

**Fleet Maintenance.** The Fleet Maintenance Department is allocating \$35,000.00 to replace aging gasoline pumps and to purchase computer software to track departmental consumption. This purchase will include the issuance of internal city electronic cards that will assist with tracking and consumption data. The current in ground tanks were installed in the 1990s and the life of the tanks will be conducive to the pumps and software purchase.

## **Enterprise Funds**

### **Sewer Operations**

The City is currently in the fourth year of a five year agreement with the Texas Commission on Environmental Quality (TCEQ) to fund a Sanitary Sewer Overflow Initiative (SSO). The City agreed to fund \$50,000.00 per fiscal year to address sewer issues throughout the City.

Sewer Operations will make upgrades to lift stations which include upgrades to pumps, motors, and control panels. Staff is allocating \$75,000.00 for this. Under another TCEQ agreement, the City has agreed to fund specific improvements to sewage treatment. Staff proposes work at the sewer plant to upgrade the UV system allocating \$400,000.00. Staff is also allocating \$67,020.00 to replace an aging heavy-duty vehicle used to remove pumps and other heavy items.

## **Water Operations**

Water Operations is allocating \$47,103.00 for the placement of a mini trac excavator that is used in close quarters and a utility truck for \$22,792.00. Staff is also allocating \$135,000.00 for the annual replacement of aging water meters and to complete the transition to radio read meters in the Roselawn Addition.

## **Special Revenue Funds**

### **Sanitation**

The Sanitation Department is allocating \$130,214.00 to replace an aging grapple truck. This unit is one of two used to remove curb side items that were not picked up by Waste Management in its weekly garbage service contract. This service operates curb side once a month to all residents.

### **Police Department**

The Police Department receives funds from criminal forfeitures and these funds can only be expended for investigative purposes at the discretion of the Chief of Police. The department is recognizing a \$10,000.00 expense for qualifying purchases.

### **Library**

The Library receives donations for the purchase of books. Staff is allocating \$10,000.00 to make purchases using donations.

### **Coopers Gulley Pump Station**

The staff continues to work on improvements at Coopers Gulley Pump Station. These funds were provided by the Texas General Land Office through the recovery efforts from Hurricane Ike Round 2.2. The City will carry forward \$3,114,898.00 in grant funds to complete the project.

### **Community Development Block Grant**

The City is allocating \$40,000.00 to street overlay work, \$68,662.00 to water meter replacement, and \$104,935.00 carry over from 2013 work in Navy Park. All of these expenses must meet the criteria set by HUD when using CDBG funds.

### **Animal Shelter**

The Animal Shelter received donations for designated purposes. Staff is allocating \$10,000.00 to purchase a slide in box that would segregate the transportation of captured animals.

### **Cost of Living Adjustments (COLA)**

This budget proposal is based on a two percent COLA to each employee and part-time employees including general government and those represented by a collective bargaining agreement.

### **Employee Insurance**

The City is currently under contract with Aetna for its health coverage, Blue Cross Blue Shield of Texas for its dental, and Vision Care for its vision. The City uses the services of McGriff, Siebels, and Williams of Texas to negotiate and review insurance. The City received a quote from Aetna that the City would incur an increase of 24.8% in premiums. The staff advised the consultant to bid the insurance benefits of the City and received six (6) bids. The City has chosen to contract with Humana for health insurance, Humana for dental insurance, and remain with Vision Care for vision insurance. These new policies will provide similar coverages and the City will cover any additional costs for the employee and their dependants.

### **Texas Municipal Retirement System (TMRS)**

The City participates in the TMRS retirement system for its employees excluding the Fire Department. The Fire Department has its own retirement plan that they manage. Last year, the City's TMRS contribution was \$1,674,144.00. This year, the funding will be \$1,672,669.00. This savings has been applied to other areas of the budget.

### **Miscellaneous**

#### **Personnel**

The City currently employs 193 full-time employees, two (2) part-time employees, seasonal employees at the Natatorium, and uses contract employees to provide legal services such as Municipal Court Judge, City Prosecutor, and City Attorney.

During 2012, there was a retirement in the Library and the lower grade employee was promoted to the vacated position. The entry level position was not filled, funding removed from the budget, and the vacancy was evaluated to see if the department could properly function. Ms. Manasco, Director of Library, advised that the vacancy has created a void in operation especially for the evening hours, weekend operations, and staff vacations. Council has created a part-time position to address this concern. The costs for part-time will be \$10,137.00. Staff will continue to monitor the staffing levels at the Library.

Public Works has asked for a full-time position to be added to the Parks Department. This position is in response to the additional land and maintenance that the City has incurred over the years supporting the EDC investments. The City has added

mowing and maintenance at the Boat Ramp, 9<sup>th</sup> and Main property, 5<sup>th</sup> and Front property, and the Downtown Pavilion property.

In order to recognize this expense fairly, the EDC does not own or pay for the mowing equipment used to maintain their properties. Council has approved creating one Maintenance Worker position to assist with the additional work. This will be paid by using 70% (\$35,000.00) financial support from the EDC and 30% (\$14,223.00) financial support from the General Fund. The full-time position costs \$49,223.00 including benefits.

Since the City has completed the New World software conversion that handles the financial support of the City, the City no longer needs the part-time position that has been budgeted to assist with the maintenance and operation of the City's mainframe computer, AS 400. Staff will be removing this position and its staffing costs from the budget. This will reduce the budget by \$27,051.00.

Also, during this fiscal year the Police Department COPS grant will expire and the City will begin to fund this position entirely. This year will be a partial year because of when the grant was funded. This year's cost will be an additional \$72,799.00 to the budget.

### **Vehicle Trade-ins**

The staff always tries to obtain as much trade-in value as allotted by the dealers that are supplying new vehicles to the City. This year staff will select some trade-in vehicles and place them in an on-line auction to try to get a better value than anticipated using local dealers. If this experience is positive, the City will then place most of its items in an electronic auction in the future.

### **Appraisals and revenue**

The City's tax rate is often compared to many other local entities. Council has made it a priority to reduce the ad-valorem tax rate whenever possible and at the same time continue to provide quality services. The ad-valorem rate represents the services and quality of life issues that the citizens want and expect in their community. When one reviews and compares ad-valorem rates, one must consider if they are comparing similar services and communities. Some communities do not have a career Fire Department such as Orange. They depend on volunteers or some paid positions. Furthermore, some communities fund the Fire Departments through a separate taxing entity known as an Emergency Services District (ESD). Some communities do not have a public swimming pool, animal control, or library.

A second comparison must include the exemptions that are granted to the homeowner. Some entities do not recognize the homestead exemption, participate in additional franchise fees, or recognize Proposition 13. All of these services or

exemptions impact the revenues or expenses of the General Fund and influence the ad-valorem tax rate set by government entities.

### **Conclusion**

The City has seen many positive things during this fiscal year. The City has completed its accounting software conversion, placed the new Pierce 100 ft. aerial truck in service, hosted a successful summer reading program, completed the Downtown Riverfront Boardwalk and Pavilion, and hired a new City Secretary. Also, the Police Department has made upgrades to their reporting software and transitioned its radio system into a regional system with Jefferson and Hardin Counties.

In the upcoming fiscal year, the City will continue to progress with other capital improvements such as adopting the 2013 International Building Code, TxDOT utility relocation for I-10 project, introduce Ebooks at the library, street overlay projects, train more firemen in confined rescue and high angle rescue, and continue to fund additional alternates at the Riverfront Boardwalk and Pavilion while hosting 12 additional City events at the Pavilion.

Staff remains cognizant that revenues for the City are provided by local citizens, industry, and businesses. This is evident by the lean budget proposals as well as the limited Capital Outlays and Capital Projects that have been proposed. Staff presented a budget that retains the current full-time and part-time staff while providing the same level of quality services that the citizens of Orange have come to expect. I would like to thank Council, staff, and the citizens of Orange for your full support and dedication to making Orange grow.

Sincerely,

Shawn Oubre  
City Manager

## Fiscal Year 2014 Property Tax Rates

This notice concerns (FY 2014) 2013 property tax rates for the City of Orange. It presents information about three tax rates.

Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

	<u>Last Year's Tax Rate</u>	
	Last year's operating taxes	\$4,792,975
(plus)	Last year's debt taxes	1,123,443
(equals)	Last year's total taxes	\$5,916,419
(divided by)	Last year's tax base	845,202,650
(equals)	Last year's total tax rate	0.70000
	<u>This Year's Effective Tax Rate</u>	
	Last year's adjusted taxes	\$5,172,804
	(after subtracting taxes on lost property and refunds for preceding tax years)	
(divided by)	This year's adjusted tax base	782,032,525
	(after subtracting taxes on new property)	
(equals)	This year's effective tax rate	0.66146
	<u>This Year's Rollback Tax Rate</u>	
	Last year's adjusted operating taxes	\$4,190,479
	(after subtracting taxes on lost property and refunds for preceding tax years)	
(divided by)	This year's adjusted tax base	782,032,525
(equals)	This year's effective operating rate	0.53584
